Chairperson Butner noted that the members have all been provided with copies of the changes or modifications to the Zoning Ordinance, tentatively referred to as the "Camp Verde Development Guidance System," that will be identified, after final approval, as the "Town of Camp Verde Planning & Zoning Ordinance." After a review of the scheduled public hearings and target date for submission to the Council for final approval, the Commission opened the initial discussion on the proposed document as well as revisions presented by staff. With further input from staff as well as from the public, the members agreed upon the following suggested changes or additions to language for the planned first segment of their review of the document:

Section 102.B.4.c 1: "1. Replacement of a nonconforming mobile home with a certified

manufactured home that neither decreases the **existing** nonconforming setback distance nor creates any further nonconforming conditions and maintains an interior side yard setback of not less than three feet (3') to the property line."

Section 102.B.4.c 2: "2. Building extension or extensions of a nonconforming single family, site-built residence that neither decreases the **existing** nonconforming setback distance nor creates any further nonconforming condition and maintains an interior side yard setback of not less than three feet (3') to the property line."

Section 102.B.4.d.1 & 2: (Per staff's proposed changes, strike "installation", stating only "valid permit", and adding "valid" wherever "permit" is noted.)

(Note typo: Part 1 – Page 5, middle of page, small "c", Correct "Director" to "Community Development Director.")

Section 103 Definition of Terms

**Boarding Stable:** (in part, change) "...feeding, housing **or** exercising..."

**Building: Detached:** (Proposed changes by staff) (**Note:** Per discussion with the Commission, staff is requested to work on this definition.)

(Suggested that "**CAFO**" be included in Definitions.)

(Correction to **LOT:** Strike "of" between "land" and "established."

**Maintenance:** The repair, replacing or renovating of a part (or parts) of a structure, **which do not require a permit under the Building Code.**

(**Note:** Staff will bring discussion back to the suggestion to add "**Repairs**" to **Definitions** at a later point in the review.)

**Mining:** (in part, add) "...minerals, ores, **rock materials**, or other natural...."

**Mobile Home:** "A portable dwelling unit larger than 400 square feet and manufactured prior to June 15, 1976, designed and constructed to permit permanent occupancy as a residence and also to facilitate transfer from one site to another by means of a chassis with wheels and hitch or flatbed truck."

(**Note: Staff is directed** to develop a definition of "**Nuisance**" for Commission review) (Example: **A.R.S Section 13-2917**, Public Nuisance, Abatement and Classification.)

**Outdoor Recreation Facility:** (in part, add) "...football fields, golf courses, **equestrian facilities**, tennis courts...."

(**Note:** Staff will look into suggestion from public to include steps in yards as part of landscaping, not as part of a structure, for determining setback.)

**Resident Camping:** (Following discussion, staff will do a word search to determine whether this definition is necessary or should be revised or stricken from Definitions, and bring back to Commission.)

**Street:** (Per discussion, staff will work on definition and bring back to Commission.)

Concluding the discussion, Morris requested that as the members continue their individual reviews of the proposed document, staff be informed in advance of the next meeting regarding concerns, suggested changes or additions, perhaps a list from each member, in order to help expedite the approval process.
